

Opportunity Overview

The Pampered Chef®, the nation's premier direct seller of high quality kitchen tools, boasts a worldwide network of nearly 60,000 Consultants. Consultants market and sell Pampered Chef products primarily through in-home Cooking Shows, where hands-on demonstrations bring a selection of more than 300 professional-quality kitchen tools to life. The Pampered Chef provides an opportunity that allows Consultants to maintain independent businesses and determine their own goals and schedules.

An Opportunity for Everyone: In today's economy, direct sales companies offer a flexible opportunity for those in need of additional income. By holding just two Cooking Shows per week, the average Consultant could earn more than \$850 a month¹. Consultants who become Directors can earn anywhere between \$25,000 and \$50,000 a year with the ability to make upwards of \$250,000 annually once they reach the more senior levels. The Pampered Chef has Consultants who are stay-at-home moms, college students and former executives.

Live Your Life Your Way: Full-time, part-time, any time – the flexibility of a Pampered Chef business allows Consultants to set their own schedules and personal goals. A Pampered Chef business is accommodating and easy. Consultants decide how much they want to work and how much they want to earn. It's that simple!

Start Up Is Easy: Consultants begin their businesses with a compelling selection of 25 high-quality products and business supplies valued at more than \$500, for only a \$155 investment. As an affordable alternative, the new Mini Kit is also available for \$80, featuring more than \$170 worth of essential Pampered Chef products, as well as training materials and professional business supplies. Consultants receive state-of-the-art, Web-based training that is accessible 24/7 and covers all the business fundamentals.

Training and Support: Consultants have fun while they learn the business. With interactive Web courses, tele-classes, local sales meetings, national events, a monthly magazine and other training materials, The Pampered Chef provides all the training needed to be successful.

At the Cooking Show: The goal of the Cooking Show is for Consultants to show their audience how to spend less time in the kitchen, make family meals for less and learn tips that make their busy lives easier. In addition, Consultants strive to make sure that everyone has fun trying out The Pampered Chef products and sampling recipes that taste and look great, but are easy to create.

Consultant Rewards: Consultants earn commission and bonuses, but it doesn't stop there. Consultants are rewarded for their sales and recruiting with great incentives including dream vacations, stunning jewelry, free products and more.
